

Pivotel Globalstar Data Plans

Globalstar Duplex Satellite Data plans provide affordable, cost effective data rates for real-time, bi-directional data communication on the Globalstar GSP1720 and GSP1620 modems. Pivotel's Globalstar packet data service is ideal for applications needing a low cost, low bandwidth data service capable of tolerating periodic satellite gaps. For application requiring very short bursts of packet data, Pivotel's rate for sub 10 second data bursts provides unbeatable value.

Pivotel Data Plan	Monthly access fee	Monthly included value	Asynchronous Data Calls (outgoing & incoming)	Packet Data	Unit Pricing Data		
					Cost of a 2 min call before any discounts to standard numbers & standard national mobile numbers	Cost of a Standard SMS before any discounts to standard national mobile numbers	Number of Standard Calls If you restricted your use solely to standard national mobile calls each of 2 minutes in duration you could make:
Data 40	\$40	\$10	60c per 30 seconds	4c per 10 secs for the first 10 sec	\$2.40	N/A	4 calls
				16.67c per 10 secs after the first 10 sec			
Data 70	\$70	\$40	50c per 30 seconds	4c per 10 secs for the first 10 sec	\$2.00	N/A	20 calls
				13.33c per 10 secs after the first 10 sec			

Note: No minimum term on Globalstar Data 40 and Globalstar Data 70 if you choose to pay a \$100 connection fee. Minimum cost will be one month's access fee + \$100 connection fee.

Pivotel Globalstar Data plans use the Globalstar Mobile Satellite Network. Satellite reception limitations and some exclusion zones apply. Asynchronous data calls are charged in 30 second increments unless otherwise stated. Packet data calls are billed in 10 second increments. Prices include GST and are subject to change. Actual charges may vary on your statement as charges are rounded to the nearest cent before GST is included. Included call value excludes premium calls, calls to special numbers, IDD (international direct dial) calls and premium text. 1 month minimum term applies. Visit www.pivotel.com.au/coverage for a coverage map. A compatible Globalstar device is required to access the Pivotel Globalstar service (see handset pricing). Pivotel may apply call barring where fraudulent use is suspected or for credit control purposes. You will receive a bill by email from Pivotel listing any payments you have made during the billing period, and a summary of your service usage to enable you to keep track of your overall service usage and monthly spend. Itemised billed and unbilled service usage is available in the secure Selfcare website at www.pivotel.com.au/selfcare. An itemised bill listing all of your service usage events is available on request. You may elect to receive a paper bill by post for an additional fee. Pivotel plans are available to credit approved customers only. Minimum cost over one month is \$40 on Globalstar Data 40, and \$70 on Globalstar Data 70. You may receive a pro-rata access fee charge on your first Pivotel bill, calculated from the actual date of service connection to the date of your first bill. You may choose to waive the minimum term by paying a \$100 contract waiver fee at the time the service is connected.
